BUY WITH CONFIDENCE

In this list we offer one of the most complete assortments of trees and plants to be found in any Nursery in Ohio. We grow our own stock under the same climatic condition and in soil similar to yours. The quality is fine and the plants are well grown, freshly dug and carefully handled. All stock is always carefully dug to preserve all the roots so you know it can grow well for you.

Buy by mail or at our large sales ground. We shall be delighted to serve you well.

Pickett & Son

CONDITIONS OF SALE

Prices quoted herein are for plants of average size and quality and do not apply to materials specially selected in the fields. Such material will be charged for according to quality and service desired.

Non-Warranty. We are very careful to keep our varieties true to name, and we hold ourselves in readiness on proper proof, to replace free of charge any stock that may prove untrue to label, or we will refund the purchase price. We are liable at no time for more than the original price paid.

Prices subject to change without notice.

MAIL ORDERS

You are invited to visit the Nursery and select plants of your own choosing, but if you cannot drive to Clyde, you can always be sure your order by mail will receive careful attention.

Send your order by mail and prompt shipment will be made. Please include the 3% Ohio Sales Tax. Mail to The Clyde Nursery, Pickett & Son, Clyde, Ohio.

Remit by check, bank draft, or money order. We do not ship C.O.D.

Orders for small plants can be sent by mail. Such items as Evergreens and Trees are too large for mail shipments and they are sent express or freight.

How to Figure Postage: Orders up to \$2.50 add 75c for packing and postage. Orders from \$2.50 to \$5.00 add \$1.00 postage. Larger orders will be sent by express or freight with transportation charges collect.

Handy mail order coupon inside back cover of this book.

PICKETT'S OHIO GROWN FRUIT TREES

For more than ninety years we have given special attention to Fruit Trees, growing them with utmost care and skill in our own large Nurseries. Pickett's trees are good trees and are sold at reasonable prices. We propagate our Fruits under careful conditions, selecting buds from bearing trees of outstanding merits. This is your assurance that our trees are pure and of the best strains.

Well cared for in the Nursery, the trees are thrifty and well-rooted. We dig them carefully, running the digger very deep so that you get all the feeding and fibrous roots and you know the trees can grow.

The farmer and gardener who has bearing Fruit Trees makes money. Plant some trees this year and every year.

The laws of nature make trees bear better in groups, so plant more than one variety of each fruit so they may cross pollinate.

Number of Trees or Plants for an acre of Ground Set at Regular Distance Apart

Feet		Feet	
1 by 1.....	43560	5 by 5.....	1742
2 by 1.....	21780	6 by 6.....	1210
2 by 2.....	10890	8 by 8.....	680
3 by 1.....	14520	10 by 10.....	435
3 by 3.....	4840	16 by 16.....	170
4 by 1.....	10890	20 by 20.....	109
4 by 2.....	5445	25 by 25.....	70
4 by 4.....	2725	30 by 30.....	48
5 by 1.....	8712	35 by 35.....	35
5 by 3.....	2904	40 by 40.....	27
5 by 4.....	2187	50 by 50.....	18

Rule: Multiply the distance in feet between the rows by the distance the plants are apart in the rows and the product will be the number of square feet for each plant or hill; which divided into the number of feet in an acre (43560) will give the number of trees to an acre.

APPLE

Our trees grow rapidly, bear young and produce heavily. A careful selection of varieties will give you superior fruit all summer, fall and winter.

Note: The figure in parenthesis denotes diameter of tree trunk.

Size	Each	Per 10
5 to 7 ft. Supersize	\$2.25	\$20.00
4 to 5 ft. (11/16")	2.00	17.50

Listed in Order of Ripening

Summer and Fall

- **Yellow Transparent**—Earliest and best, white, tender and juicy.
- **Early Harvest**—Pale yellow, fine flavor, good bearer.
- **McIntosh Red**—Flesh white, bears young, one of the best.

WINTER

- **Cortland**—A red apple of McIntosh type. Young bearer and a very good keeper.
- **Grimes Golden**—Extra fine quality, good keeper, tree vigorous and productive.
- **Jonathan**—Red, very good flavor, young bearer, a good market sort. High quality.
- **Delicious**—Red, crisp and melting, delightful aroma.
- **Delicious Dbl. Red**—Fruit large, bright red, rich and juicy, highest quality.
- **Baldwin**—Well known old sort. Large red, good keeper.
- **Delicious Yellow**—Bright golden color, sweetly acid flavor.
- **Rome Beauty**—Large round red, good keeper, bears young.
- **Stayman's Dbl. Red**—Same quality as regular Stayman, dark red.
- **Stayman's Winesap**—One of the best, good sized, red, keeps well.

Crab Apple

Size	Each
4 to 6 ft.....	\$2.49

- **Whitney**—One of the best and largest of the crabs, highly desirable.
- **Dolgo**—The coloring is a brilliant crimson. At blooming time the tree is very attractive with white flowers.

PEACH

Peach trees begin bearing young and everyone likes Peaches. Our heavy fruiting strains are offered in the most popular of modern varieties.

Size	Each	Each Per 10	Each Per 100
5 to 6 ft. Super-size	\$1.75	\$1.50	\$1.25
4 to 5 ft. (11/16 in.)	1.50	1.25	.85
3 to 4 ft. (9/16 in.)	1.25	1.00	.75
2 to 3 ft. (7/16 in.)	1.00	.80	.60

Listed in Order of Ripening

Early

- ✓ **Redhaven**—Highly colored, yellow fleshed freestone.
- ✓ **Cumberland**—Large, attractively colored with red, oval in shape, flesh is white.
- ✓ **Fair Haven**—Large, nearly round. Bright golden color with red cheek. Skin is tough and fruits are firm, fine texture and of good quality. Ripens a week before Hale Haven.
- ✓ **Golden Jubilee**—Flesh golden yellow, juicy, tender, sweet. Choice early sort.

Midseason and Late

- ✓ **Champion**—White, very large, sweet, juicy, very high flavor.
- ✓ **Hale Haven**—Yellow, richly colored and flavored. Very good.
- ✓ **Sun Glo**—Yellow, large and handsome, delicate flavor.
- ✓ **Early Elberta**—Ripens about a week earlier than Elberta.
- ✓ **J. H. Hale**—Very large, yellow, wonderful flavor, very attractive.
- ✓ **Improved Hale**—A very fine late yellow peach. Large and delicious. Ripens with the last of the Elbertas.
- ✓ **Elberta**—The most popular peach grown; large, yellow.

PLUM

Size	Each	Each Per 10
5 to 6 ft. Super-size.....	\$2.49	\$2.00

- ✓ **Italian Prune**—Purple, high quality, rich flavor.
- ✓ **Reine Claude**—Yellow-green, the well known Green Gage.
- ✓ **Stanley**—Trees bear when young. Finest of all blue plums. The fruit is large, prune shaped and dark blue.
- ✓ **Yellow Egg**—Good yellow home plum.

QUINCE

The fruit is large golden yellow and of excellent quality. Makes delicious jells. Ripens early in September. Grows 10 to 15 ft. tall.

Size	Each
3 to 4 ft.....	\$1.95

CHERRY—Sour

Few fruits are better than cherries and none can be more easily grown. They bear young and regularly and grow almost anywhere. Our trees are the finest grown.

Size	Each	Per 10
4 to 5 ft. Super-size	\$2.95	\$2.50
3 to 4 ft.	2.49	2.00

➤ **Brassington**—Between a sweet and sour in flavor. Red fruit fine for canning. Bears heavy crops.

➤ **Early Richmond**—Earliest sour variety. Unsurpassed for cooking.

➤ **Montmorency**—Mid-season. The best all around red sour cherry. Most suited for canning, pies and preserves.

CHERRY—Sweet

Note: The Windsor variety should be included in every Sweet Cherry planting, as it is an excellent pollinizer for other Sweet Cherries.

Size	Each	Per 10
6 to 7 ft. Super-size	\$2.95	\$2.50
5 to 6 ft.	2.49	2.00

Listed in Order of Ripening

- **Black Tartarian**—Large black, juicy and rich.
- **Napoleon**—Pinkish yellow, well known Royal Ann.
- **Windsor**—Dark red, productive, long picking season. Excellent pollinizer.
- **Schmidt's Biggareau**—Dark red, very large and sweet.

PEAR

Plant 15 to 20 feet apart

Size	Each	Per 10
5 to 7 ft. Super-size.....	\$2.25	\$2.00

➤ **Bartlett**—A popular pear. August-September.

➤ **Duchess**—Good for canning, large. October-November.

➤ **Seckel**—A small sweet pear of highest quality. October.

NECTARINE

The skin of this fruit is smooth like a Plum, but it is like a Peach in texture and delicious flavor. Nectarines deserve a place in your planting.

Size	Each
4 to 5 ft.....	\$2.25

- ↘ **Garden State**—A large firm, yellow fleshed freestone of high quality. Desirable for slicing, canning and freezing.
- ↘ **Sure Crop**—The fruits are large, roundish, white, and overlaid with red. Flesh firm with a pleasing flavor.

APRICOT

Ripen right after Cherries and just before the early Peaches. They are juicy and sweet and fine for canning.

Size	Each
4 to 5 ft.....	\$2.29

- ↘ **Early Golden**—Skin is smooth, fuzzless and pale orange in color. Medium to large in size. Possesses a fine flavor.
- ↘ **Moorpark**—High quality and fine flavor. Fruit is large, deep yellow with a red cheek.

SMALL FRUITS—Spring Only

Planting time for small fruits—The ideal time in our climate is from about April 1st to May 1st.

GOOSEBERRIES

Size	Each	Per 10
2 year	\$.75	\$7.00

- ↘ **Pixwell**—As the name implies, it picks well. Berries hang on slender stems 2 inches below regular branches, making them easy to pick. Large oval, light green berries turning to pink when ripe. Yield enormous crops; very hardy.
- ↘ **Red Houghton**—Large, sweet, red berries nearly round. Very beautiful and delicious for fancy table purposes. Very flavorful for pies, conserve, jam and jelly.

→ BOYSENBERRY

	Each	Per 25	Per 100
Strong Plants	\$.15	\$3.25	\$12.00

Entirely thornless. These large sweet, juicy berries are often 2 inches in length, and a dark maroon in color. Has a rich tangy flavor.

BLACKBERRIES

	Each	Per 25	Per 100
Strong Plants	\$.15	\$3.25	\$12.00

- ↘ **Eldorado**—Large berries, fine flavor, very hardy. Fruits over a long season.

RASPBERRIES

	Each	Per 25	Per 100	Per 500
Black Varieties..\$.15	\$2.75	\$9.75	\$40.00
Purple or Red....	.15	3.25	11.95	55.00

- ↘ **Cumberland**—America's leading black raspberry. Magnificent berries. Plants vigorous and very productive.
- ↘ **Indian Summer**—The wonderful new everbearing Red Raspberry. Crop twice a year. Season early July through to mid-October. Berries large, good in quality.
- ↘ **Latham**—Most profitable late red. Fruit large and delicious.
- ↘ **Morrison**—Jet black berries, nearly an inch in diameter. Ripens midseason to late. Rapid grower. Produces enormous crops.
- ↘ **New Logan**—Earliest black. Heavy yielder. Thrifty grower.
- ↘ **Sodus**—New large purple Raspberry. Attractive, firm, sprightly and good quality. Ripens shortly after Latham.

CURRANTS

Plant three feet apart in rows four to six feet apart. Every home lot should have a few plants of this fine small fruit.

Size	Each	Per 10
2 year	\$.49	\$4.50

- ↘ **Red Lake**—Finest of all Red Currants. Berry is large and of superior quality. Midseason.
- ↘ **Wilder**—Strong grower and most productive. Bunches and berries large, bright red. Mild sub-acid flavor. Early.

STRAWBERRIES

We dig Strawberry Plants each morning so that you are sure of getting fresh, hardy plants. Ours are unusually well rooted and are always carefully dug.

Standard Spring Bearing Varieties

- **Catskill**—The best late ripening sort—a shiny bright berry that is firm and bears well.
- **Dunlap**—The best known mid-season berry, large, fully red and sweet. Sweet delicious flavor.
- **Dorsett**—Thrifty plants that ripen large red berries as early as Premier. Rich red in color and ships well.
- **Fairfax**—Excellent dessert berry. Large, firm, dark red, early and productive. Brings high prices on every market.
- **Fairland**—New, brightly colored, firm tart berry, ripens mid-season. Starts to yield 4 to 6 days later than Premier.
- **New Robinson**—The fruit is very large and ripens over a rather long period from mid-season to late.
- **Premier**—The greatest early Strawberry of all time. Yields heavily and makes a thrifty growth. Extra large berry with beautiful red color that goes all the way through.
- **Sparkle**—Is a bright, shiny, attractive berry, ripening about mid-season. Plants are vigorous and runners are produced freely. Tops for freezing.
- **Temple**—The berries resemble Sparkle in shape and size. Good yields of firm, attractive berries which are above average in quality.

GRAPES

- | Size | Each | Per 10 |
|---------------------------|--------|--------|
| 2 year strong plants..... | \$.39 | \$3.00 |
- **Catawba**—Large compact bunches. Red. Late.
 - **Concord**—The ever popular blue-black market grape.
 - **Delaware**—Small, bright red, sugary and delicious.
 - **Fredonia**—A new, very early black grape, ripening two weeks earlier than Concord. Juicy and delicious.
 - **Moore's Early**—Blue-black. Early and hardy.
 - **Niagara**—The leading white market grape. Large bunches.
 - **Portland**—A new white grape, earlier than any known grape. Large. Fine.
 - **Worden**—Black. A fine grape. Ripens one week before Concord.

ASPARAGUS

This finest of spring vegetables is among the easiest cultivated and most profitable. We offer only the New Paradise strain for it is far superior to any of the other kinds.

	Each	Per 25	Per 100
Strong Plants	\$.15	\$2.50	\$8.75

RHUBARB

Also Called Pie-Plant

Fine for pie-making and stewing.

	Each	Per 10
Strong Plants	\$.35	\$3.00

ORNAMENTAL AND SHADE TREES

The size of all trees is given by height except where the word caliper is inserted before the size. The caliper of a tree is the thickness of the trunk just above the ground line. Our Shade and Flowering trees are splendid in both "top and root" growth, having been transplanted frequently and given ample space in which to develop.

ASH MOUNTAIN

Medium sized tree with neat compact growth and bright large clusters of red berries to give a brilliant note to the autumn landscape.

5 to 6 ft. (Spring Only).....	\$ 5.50
6 to 8 ft.	8.50

BIRCH CLUMP FORM

Chalk white bark and thick dark green leaves. Grows in clump form with several trunks from a single root.

5 to 6 ft.....	6.50
6 to 8 ft.....	8.00

BIRCH EUROPEAN

Rapid-growing tree with silvery white bark and spray-like branches. Beautiful for lawns.

5 to 6 ft.....	6.00
6 to 8 ft.....	8.00

CHIONANTHUS VIRGINICUS (White Fringe Tree)

White tassel-like flowers in panicles to 8 inches long. Dark blue fruit. Large glossy green leaves. Ultimate height 10 ft.

2 to 3 ft.....	1.95
3 to 4 ft.....	2.50

CORNUS FLORIDA (White Flowering Dogwood)

In early May before the leaves, its blossoms appear white as snow. In September its brilliant red berries feed the birds.

2 to 3 ft. B. & B.....	3.50
3 to 4 ft. B. & B.....	5.50
4 to 5 ft. B. & B.....	7.50

CORNUS FLORIDA RUBRA (Red Flowering Dogwood)

The brilliant red form of the White Dogwood.

2 to 3 ft. B. & B.....	Sold out
------------------------	----------

CORNUS KOUSA (Japan Flowering Dogwood)

White flowers in June. Conspicuous cherry-like scarlet fruits in fall, and relished by the birds. Grows 16 to 18 feet high.

3 to 4 ft. B. & B.....	5.00
------------------------	------

TREES Continued

COTINUS COGGYRIA (Smoke Tree)

When in bloom the tree is virtually a mist of minute smoky lavender flowers, suggesting a cloud of smoke.

3 to 4 ft.....	2.50
4 to 5 ft.....	2.75

CRATAEGUS CORDATA (Washington Hawthorn)

One of our most attractive small trees with showy red berries persisting nearly all winter.

4 to 5 ft. B. & B.....	Sold out
------------------------	----------

CRATAEGUS PAULI (Parl's Scarlet Hawthorn)

Produces a mass of vivid scarlet double flowers in June. Most popular of the Hawthorns. Grows 12 to 15 feet high.

5 to 6 ft.....	7.50
----------------	------

CRABS FLOWERING

Beautiful flowering crab-apple which during May makes a magnificent sight with white, pink or red blossoms. Weave them among your shrubbery or as specimen small trees.

ALBA-PLENA

Double white flowers, fruit pink cheeked.

4 to 5 ft. 2 yr.....	2.95
----------------------	------

BECHTEL'S

Double pale pink flowers.

3 to 4 ft. 2 yr.	2.95
-----------------------	------

4 to 5 ft. heavy	6.50
------------------------	------

5 to 6 ft. heavy	8.00
------------------------	------

ELEYI

Dark purplish-red flowers leaves bronze.

4 to 5 ft. 2 yr.	2.95
-----------------------	------

5 to 6 ft. heavy	6.50
------------------------	------

6 to 8 ft. heavy	8.00
------------------------	------

NIEDZWETZKANA

Twigs, flowers and fruit of this crabapple have reddish hue.

Caliper 1¼ to 1½ in.....	6.50
Caliper 1½ to 1¾ in.....	7.50
Caliper 1¾ to 2 in.....	9.00
Caliper 2 to 2½ in.....	12.00

GINKGO BILOBA (Maidenhair Tree)

Leaves fan shaped with parallel veins like the Maidenhair Fern. Resists smoke, therefore good for city planting.

5 to 6 ft.....	6.50
----------------	------

HAWTHORN (See *Crataegus*)

HONEYLOCUST (Moraine Locust)

The Moraine Locust is vigorous and fast growing. It is round headed when young, but tall and vase-shaped when older, attaining a height of 80 ft. or more.

6 to 7 ft.....	7.50
7 to 8 ft.....	9.00

MAGNOLIA LENNEI

Flowers large saucer shaped, consisting of 9 large petals. Color very dark vermillion red or purple. Blooms 2 weeks later than *Soulangeana*.

3 to 4 ft. B. & B.....	8.95
4 to 5 ft. B. & B.....	9.95

MAGNOLIA SOULANGEANA (Saucer Magnolia)

A small tree with gorgeous shining foliage and tulip-shaped blossoms of pinkish white inside and a deeper pink outside. A very showy plant and faintly fragrant, it is the best known and most popular of the Magnolias. Grows to 15 or 20 feet.

3 to 4 ft. B. & B.....	8.95
4 to 5 ft. B. & B.....	9.95

MAGNOLIA SOULANGEANA NIGRA (Purple Lily Magnolia)

Flowers lily shaped with 6 petals. Color a rich dark purple outside and lighter purple and cream inside the petals.

3 to 4 ft. B. & B.....	8.95
4 to 5 ft. B. & B.....	9.95

TREES Continued**MAGNOLIA STELLATA (Star Magnolia)**

Compact and spreading growth. Small narrow leaves. Delicate white flowers in the Spring.

3 to 4 ft. B. & B.....	8.95
4 to 5 ft. B. & B.....	9.95

MAPLE CRIMSON KING

Particularly distinctive and popular for its dark red-dish-purple foliage that retains the color until fall.

6 to 7 ft. Whips	5.95
8 to 9 ft. Branched	8.95

MAPLE NORWAY

Good street and shade tree. Vigorous compact grower, dense shade.

Heavy, dense green foliage which turns to indescribable colors in the fall.

Caliper 1¼ to 1½ in.....	8.00
Caliper 1½ to 1¾ in.....	9.00

OAK PIN

A big, fast growing tree, with slender, stiff hanging branches. Most graceful and popular of Oaks.

Caliper 1 to 1¼ in.....	7.00
Caliper 1¼ to 1½ in.....	8.00
Caliper 1½ to 1¾ in.....	9.50

OAK RED

The notched glossy green leaves become splashed with warm crimson red in autumn and hang on till Spring. Most rapid-growing of all oaks. Grows to height of 75 feet.

Caliper 1¼ to 1½ in.....	8.00
Caliper 1½ to 1¾ in.....	9.50
Caliper 1¾ to 2 in.....	12.00

POPLAR LOMBARDY

Narrow pyramidal outline. Use for tall screening.

5 to 6 ft.....	2.49
6 to 8 ft.....	2.95

POPLAR BOLLEANA

Similar in habit to Lombardy, but broader. Leaves glossy green, silvery beneath.

6 to 8 ft.....	6.50
8 to 10 ft.....	7.50
10 to 12 ft.....	8.50

PRUNUS PISSARDI (Purple Leaf Plum)

A handsome upright tree with small pale pink flowers.

4 to 5 ft.....	3.75
----------------	------

PRUNUS TRILOBA (Rose Tree of China)

Double, roselike pink flowers hugging the naked branchlets in the early Spring. Grows 6 to 8 feet.

3 to 4 ft.....	3.00
----------------	------

TREES Continued**RED BUD (Judas Tree)**

A small tree with a wealth of floral beauty. Its twigs are covered with magenta pink blossoms before the foliage in May.

3 to 4 ft.....	2.49
4 to 5 ft.....	3.50

SYCAMORE EUROPEAN (Oriental Plane)

It grows to grand size, a bold picturesque healthy tree, vigorous in all soils.

Caliper 1¼ to 1½ in.....	7.00
Caliper 1½ to 1¾ in.....	8.45

TULIP TREE

Leaves are large and very dark green. Blossoms are light yellow, one to two inches long, and tulip-shaped, produced in May and June. Grows rapidly when established. Spreading branches.

Caliper 1¼ to 1½ in.....	8.50
--------------------------	------

WILLOW BABYLONICA (Weeping Willow)

This tree with its long pendulous branches grows rapidly. Ultimate height 30 to 40 ft.

6 to 8 ft.....	6.95
8 to 10 ft.....	8.00

WILLOW FRENCH PUSSY

Large catkins of silvery pink on tall branches.

3 to 4 ft.....	2.50
----------------	------

WILLOW WISCONSIN (Weeping Willow)

Very hardy, with graceful branches drooping to the ground.

6 to 8 ft.....	6.95
8 to 10 ft.....	8.00

WILLOW TORTUOSA (Corkscrew Willow)

A novelty. Very interesting twisted branches.

6 to 8 ft.....	6.95
----------------	------

VINES and GROUND COVER PLANTS

- Ampelopsis Veitchi** (Boston Ivy)..... 1.25
 Suitable for planting on walls. Clings to any surface.
- Clematis Paniculata**..... 1.25
 Fragrant white flowers in September.
- Euonymus Radicans** (Wintercreeper)..... 2.50
 Evergreen trailing or climbing vine.
- Lonicera Japonica** (Hall's Honeysuckle)..... 1.25
 Strong, vigorous vine with fragrant white and yellow flowers.
- Pachysandra Terminalis** (Japanese Spurge)
 Does well in shady locations. Good for edging.
 35c each, 10 for \$3.00. 100 for \$25.00.
- Polygonum Auberti** (Silver Lace Vine)..... 1.50
 Myriads of white flowers give the whole vine a fleecy appearance.
- Vinca Minor** (Myrtle)
 Evergreen ground cover. Light blue flowers in Spring.
 35c each, 10 for \$3.00. 100 for \$25.00.

SHRUBS

The sizes given here designate height of the shrub. All are bushy and well branched and dug fresh from our own Nurseries.

ALTHEA (Rose of Sharon)

Upright shrubs, particularly well suited for screens or specimens in the shrub border. Large colorful flowers from August until frost. Grows 8 to 10 feet.

3 to 4 ft..... 1.25

Ardens—Double purple.

Banner—Double white, striped red.

Lucy—Double red.

ALMOND (Double pink flowering)

Low-growing bushes are covered with masses of small pink rose-like flowers before the leaves appear. Ultimate height from 4 to 5 ft.

2 to 3 ft..... 1.49

ARONIA ARBUTIFOLIA (Red Chokeberry)

Clusters of white flowers in June, bright red berries in fall. Lustrous dark green leaves turn scarlet in Fall. Narrow habit. Grows 6 feet high.

2 to 3 ft..... 1.25

BARBERRY KOREAN

Medium height shrub, foliage has spiny edges. Gorgeous red fall coloring and large clusters of red berries. Ultimate height 6 feet.

2 to 3 ft..... 1.25

BARBERRY RED LEAF

Brilliant reddish-purple foliage holds all summer if planted in the sun. Red berries appear in the fall and remain well into the winter. Grows 3 to 4 feet.

15 to 18 in..... .75

18 to 24 in..... 1.00

BARBERRY THUNBERGI

Low, compact shrub is a favorite all purpose hedge. Green leaves appear in early spring along with small yellow flowers, which are followed by brilliant autumn color and red fruit. Grows 3 to 4 feet.

18 to 24 in..... 1.00

SHRUBS Continued

BEAUTY BUSH (See *Kolkwitzia Amabilis*)

BUDDLEIA DUBONNET (Butterfly Bush)

Deep wine red with purple undertone.

2 yr. 1.50

BUDDLEIA ILE DE FRANCE (Butterfly Bush)

Bears long arching racemes of violet shaded flowers from June until frost. Grows 4 to 5 feet high.

2 yr. 1.50

CALYCANTHUS (Old-fashioned Strawberry Bush)

Handsome reddish-brown flowers in May and June. Erect shrub, glossy deep green foliage. Grows 5 feet.

2 to 3 ft. 1.25

3 to 4 ft. 1.35

CORALBERRY CHENAULTI (Red Snowberry)

Graceful arching branches of light pink flowers in early summer, followed by red berries in fall. Splendid for shady places. Hardy. Grows 5 feet high.

2 to 3 ft. 1.10

3 to 4 ft. 1.35

CORNUS FLORIDA (See Shade Trees)

CORNUS SIBERICA (Red Twig Dogwood)

Brilliant in winter with a red bark and blue fruits that stand out well against the snow. Grows 5 to 6 feet.

3 to 4 ft. 1.49

4 to 5 ft. 1.65

COTONEASTER APICULATA (Cranberry Cotoneaster)

Low spreading, very dwarf, large bright berries.

Pot plants 2.50

COTONEASTER DIVARICATA (Spreading Cotoneaster)

Graceful branches lined with red egg-shaped fruit. Small green glossy leaves, spreading habit. 4 to 5 feet. It's a glorious autumn color justifies a prominent position in the planting.

2 to 3 ft. Spread B. & B. 3.50

3 to 4 ft. Spread B. & B. 4.50

CYDONIA JAPONICA (Flowering Quince)

One of the first shrubs to bloom in the spring. Brilliant flowers of orange-scarlet are followed by golden Quince-like fruits. Grows 4 to 5 ft. high.

18 to 24 in. 1.35

2 to 3 ft. 1.50

SHRUBS Continued

DEUTZIA GRACILIS (Slender Deutzia)

Compact dwarf shrub covered in May with a profusion of delicate snowy white flowers. Does well in light shade. Seldom grows more than 2 or 3 feet tall.

18 to 24 in..... 1.25

DEUTZIA LEMOINE

A little taller than the Gracilis, grows vigorously, bearing showy white flowers. Prefers sun.

18 to 24 in..... 1.25

2 to 3 ft..... 1.50

DOGWOOD (See Cornus)

EUONYMUS ALATUS (Winged Burning-Bush)

Corky, winged branches, in fall the red berries contrast beautifully to the rosy-pink autumn foliage.

2½ to 3 ft..... 2.50

3 to 4 ft..... 3.00

EUONYMUS ALATUS COMPACTA (Dwarf Burning-Bush)

Yellow flowers in May and vivid red berries in the fall. Foliage in autumn is colorful. Compact form, grows to 6 feet tall.

2½ to 3 ft..... 2.75

3 to 4 ft..... 3.50

EUONYMUS CARRIERI (Glossy Wintercreeper)

Large shiny pointed leaves; bushy compact.

18 to 24 in. B. & B..... 3.50

2 to 3 ft. B. & B..... 4.50

EUONYMUS COLORATUS

Purple Leaf Wintercreeper. Rapid growing evergreen vine. Narrow leaves turn reddish purple in late autumn and winter. Fine ground cover.

18 to 24 in. B. & B..... 3.00

EUONYMUS RADICANS (Wintercreeper)

Evergreen trailing or climbing.

18 to 24 in. B. & B..... 3.00

EUONYMUS VEGETUS (Bigleaf Wintercreeper)

Leaves round, green. Scarlet and orange fruits. Fine among Evergreens.

15 to 18 in. B. & B..... 3.75

SHRUBS Continued

EUONYMUS YEDOENSIS (Yeddo Euonymus)

Masses of pink and orange fruit follow the yellow June flowers. A tall growing shrub, bushy and desirable. Ultimate height 6 to 8 feet.

2 to 3 ft.....	1.50
3 to 4 ft.....	2.00

FORSYTHIA SPECTABILIS (Golden Bell)

Bright "golden bells" appear all along the branches several days ahead of the leaves. Tall branches arch gracefully and make it one of the most desirable in your shrub planting. Grows to 8 feet.

3 to 4 ft.....	1.25
4 to 5 ft.....	1.50

FORSYTHIA SPECTABILIS NANA (Dwarf Golden Bell)

Similar to the preceding variety, small compact, somewhat spreading plant.

2 to 3 ft.....	1.50
----------------	------

FORSYTHIA SUSPensa (Weeping Golden Bell)

Long sweeping branches are covered with bright golden yellow flowers in mid-April. Excellent for holding bank soil in place since branches root readily where they touch the ground. Ultimate height 4 to 6 feet.

2 to 3 ft.....	1.00
3 to 4 ft.....	1.25

FRINGE PURPLE (Smoke Tree)

Small yellow flowers are followed by filmy silky seed pods that give the whole plant the appearance of being covered by billows of purple smoke. Excellent for the shrub border or as a lawn specimen. Ultimate height 10 to 12 feet.

3 to 4 ft.....	2.50
4 to 5 ft.....	2.75

FRINGE WHITE

Glistening white flowers in May are followed in the fall by a wealth of black berries. Large glossy deep green leaves. Ultimate height 10 feet.

2 to 3 ft.....	2.00
3 to 4 ft.....	2.50

SHRUBS Continued**HAMAMELIS VERNALIS (Vernal Witch-Hazel)**

Small yellow flowers in February and March. Compact habit, ultimate height 7 feet.

3 to 4 ft.....	1.50
4 to 5 ft.....	2.00

HAMAMELIS VIRGINICA (Common Witch-Hazel)

Latest of all shrubs to bloom. Brilliant yellow flowers like ribbons bloom in October and November. White fruits follow the blooms. Ultimate height 10 feet. Does best in moist shade.

3 to 4 ft.....	1.50
4 to 5 ft.....	2.00

HONEYSUCKLE BUSH (See Lonicera)**HYDRANGEA ARBORESCENS GRANDIFLORA****(Hills of Snow Hydrangea)**

Round heads of snowy white flowers in mid-summer on upright dense growing plants. Blooms profusely; a bush in bloom is a growing mass of white snowballs. Easily grown. Ultimate height 4 feet.

3 to 4 ft.....	1.25
----------------	------

HYDRANGEA PANICULATA GRANDIFLORA**(P. G. Hydrangea)**

Conical flowers of white that turn pink as they mature. Blooms in Aug. and Sept. Grows 5 to 6 feet.

3 to 4 ft.....	1.25
----------------	------

HYPERICUM PROLIFICUM (Shrubby St. Johnswart)

A valuable summer flowering dwarf shrub. The growth is 2 feet high and 2½ feet wide. Blooms are golden yellow in June and July.

2 to 3 ft.....	1.35
----------------	------

ILEX VERTICILLATA (Winterberry)

White flowers followed by brilliant, showy red berries that persist into the winter. Prefers a moist location with some shade. Staminate and pistillate plants should be set together for pollination. 8 feet.

3 to 4 ft.....	1.50
----------------	------

SHRUBS Continued

KERRIA WHITE (See *Rhodotypos Kerrioides*)

KOLKWITZIA AMABILIS (Beauty Bush)

Graceful arching branches are covered in June with a profusion of pink bell-shaped flowers. Does well anywhere. Ultimate height 6 to 8 feet.

2 to 3 ft.....	1.25
3 to 4 ft.....	1.50
4 to 5 ft.....	2.00

LILAC FRENCH NAMED

These budded Lilacs bloom when still quite small, and each spring reward us with increasing charm of flowers and foliage.

2 to 3 ft.....	2.50
3 to 4 ft.....	3.50
4 to 5 ft.....	5.00

Chas. Joly—Double dark red and large blooms are held erect on the upright growing bush. In our opinion this is one of the best dark red lilacs.

Ellen Wilmott—Double creamy white in large long panicles. Strong grower, free blooming. One of the finest white lilacs we know.

Katherine Havemeyer—Double pink lavender. Thrifty bushes bear large clusters persistently. An outstanding pink.

Lean Gambetta—Double pinkish lavender florets are dainty and roselike. Panicles are huge and these characteristics maintain a popularity that is well-deserved.

Marechal Lannes—Double violet. Shapely panicles are composed of extremely large florets.

Pres. Carnot—Double lavender. Exquisite panicles are borne very freely.

Pres. Grevy—Double, a clear soft blue with immense panicles. A long-time favorite and still very popular.

Reamur—Single. Color a subdued rose-red. It keeps its color a long time and is a superb lilac. Very choice.

Waldeck Rousseau—Double mauve-pink.

SHRUBS Continued

LILAC COMMON PURPLE OR WHITE

(Old-fashion Lilac)

Old familiar shrub has lost none of its charm. Very hardy, blooms in April. Grows 6 to 8 feet tall.

2 to 3 ft..... 1.50

LILAC PERSIAN

Fragrant, lacy lavender blooms in abundance in May. Slender arching branches. A dwarf variety which is very desirable for use in a shrub hedge or grouped with other shrubs. Grows to a height of 6 feet.

2 to 3 ft..... 1.50

3 to 4 ft..... 2.00

LONICERA FRAGRANTISSIMA (Winter Honeysuckle)

Broad spreading shrub with highly perfumed cream white flowers in March and April. Good foliage, that is almost evergreen. Grows to 8 feet tall.

3 to 4 ft..... 1.50

LONICERA KOROLKOWI (Blue-Leaf Honeysuckle)

Blue foliage, pink flowers in June. Red and orange berries in July. Ultimate height 9 feet.

3 to 4 ft..... 1.50

LONICERA MAACKI (Amur Honeysuckle)

Vigorous grower. Upright and spreading. White flowers are followed by red fruit. 8 to 10 feet.

3 to 4 ft..... 1.50

4 to 5 ft..... 2.00

LONICERA TARTARICA RUBRA (Bush Honeysuckle)

Large bush with arching branches covered in May with deep pink flowers, followed by magnificent bright red berries in fall. Grows 6 to 8 feet tall.

3 to 4 ft..... 1.25

4 to 5 ft..... 1.50

LONICERA ZABELI (Red Bush Honeysuckle)

Red flowers in May are followed by bright red berries which contrast beautifully with the deep green leaves. Excellent as a single shrub, or in screens or hedges. Grows to a height of 6 to 8 feet.

2 to 3 ft..... 1.00

3 to 4 ft..... 1.25

SHRUBS Continued

MAGNOLIA (Listed under Trees)

PRIVET (See Hedge Plants)

PHILADELPHUS (See Syringa)

PYRACANTHA COCCINEA LALANDI (Firethorn)

Rich green foliage, clusters of white flowers in late spring followed by orange-red berries in the fall. A spectacular and effective shrub for wall or foundation planting. Grows 6 to 8 feet.

Pot plants 5.45

QUINCE FLOWERING

18 to 24 in. 1.35
2 to 3 ft. 1.50

RHAMNUS FRANGULA (Glossy Buckthorn)

Dense, shining foliage on a very hardy bush. August brings an abundance of red-purple fruit which turn almost black as they mature. Ultimate height 12 feet.

3 to 4 ft. 1.25
4 to 5 ft. 1.50
5 to 6 ft. 2.00

RHODOTYPOS KERRIOIDES (White Kerria)

Also called Jet-bead because of the shiny bead-like black berries. Large white flowers appear in May and June. Grows 5 to 6 feet.

3 to 4 ft. 1.50
4 to 5 ft. 1.75

SNOWBERRY WHITE

Small pink flowers in June are followed by large white marble shaped berries in autumn, lasting well into the winter. Grows 4 to 5 feet tall.

2 to 3 ft. 1.20
3 to 4 ft. 1.45

SNOWBALL COMMON

Popular large shrub with big round heads of white Snowball-like bloom in May and June. Dense vigorous growth. Grows to 10 feet tall.

2 to 3 ft. 1.50
3 to 4 ft. 1.75

SHRUBS Continued**SPIREA ANTHONY WATERER**

Flat heads of rosy-red flowers borne freely in July. Dwarf shrub is fine for low foundations or in the foreground of the shrub border. Ultimate height 3 feet.

18 to 24 in..... 1.25

SPIREA FROEBELI (Pink)

Low colorful shrub bears bright rosy red flowers in flat clusters during July and August. Foliage colors a beautiful purple in the fall.

18 to 24 in..... 1.25

24 to 30 in..... 1.50

SPIREA PRUNIFOLIA (Bridalwreath)

Tiny buttonlike white flowers are borne close to the slender erect branches in March and April before the foliage appears. Ultimate height 6 to 8 feet.

3 to 4 ft..... 1.50

SPIREA VAN HOUTTEI

So popular and well-known it needs no description. Clusters of small white flowers cover the slender arching branches. Ultimate height 6 to 8 feet.

2 to 3 ft..... .75

3 to 4 ft..... .85

SYRINGA CORONARIUS (Sweet Mock Orange)

The old favorite Mockorange. A spreading shrub which grows quite tall, 8 to 10 feet. Single white flowers in May and June are deliciously fragrant. Attractive foliage makes it ideal for a background shrub or for screening.

2 to 3 ft..... 1.00

3 to 4 ft..... 1.25

4 to 5 ft..... 1.50

SYRINGA CORONARIUS AUREUS**(Golden Mock Orange)**

Neat compact shrub with golden leaves in early spring, and typical white mockorange flowers. Used in hedges and trimmed formally as specimens.

18 to 24 in..... 1.50

SHRUBS Continued

SYRINGA LEMOINE

Dwarf growing Mock Orange. Fine foliage. Flowers are white and blooms profusely.

2 to 3 ft.....	.95
3 to 4 ft.....	1.20

SYRINGA VIRGINALIS (Double Mock Orange)

Lovely pure white double flowers in large clusters of orange blossom fragrance. Hardy and vigorous, it is a neat shrub, one of the most popular for landscaping. Ultimate height 6 to 7 feet.

3 to 4 ft.....	1.25
4 to 5 ft.....	1.50

TAMARIX AFRICANA

Feathery, gray-green foliage on graceful slender branches. Pink flowers in April and May. 6 to 8 feet at maturity.

3 to 4 ft.....	1.50
4 to 5 ft.....	2.00

TAMARIX HISPIDA

Pink flowers in summer. Feathery, blue green foliage.

3 to 4 ft.....	1.50
4 to 5 ft.....	2.00

↳ VIBURNUM AMERICANUM (American Cranberry)

Attractive white flowers are followed by clusters of intense red berries that remain on the plant nearly all winter. Foliage becomes red and bronze in autumn. An ideal background plant. 10 feet.

3 to 4 ft.....	1.50
4 to 5 ft.....	1.75

VIBURNUM BURKWOODI

Round clusters of waxy blush-white flowers are delicately perfumed. Bloom in early spring, and shiny dark green summer foliage colors up brilliantly in autumn. Likes a well-drained location with plenty of moisture. Does well in shade. Grows to 5 feet in height.

2 to 3 ft. B. & B.....	Sold out
------------------------	----------

SHRUBS Continued**VIBURNUM CARLSI (Fragrant Viburnum)**

Early spring flowering, pink, fragrant globe-shaped flowers. Attractive gray-green foliage, and adaptable to sun or shade. Avoid sulphur sprays which affect the foliage. Ultimate height 4 to 5 feet.

2 to 3 ft. B. & B. Sold out

VIBURNUM LANTANA (Wayfaring Tree)

Tall growing shrub of very striking fall color. White flowers are followed by red berries, turning black.

2 to 3 ft. 1.25

3 to 4 ft. 1.50

↙ **VIBURNUM LENTAGO (Nannyberry)**

Bush grows tall and slender. White flowers in June, blue-black fruit hangs on late. Brilliant fall foliage. fine for backgrounds and screens. 15 to 20 feet.

3 to 4 ft. 1.50

4 to 5 ft. 2.00

↙ **VIBURNUM OPULUS (European Cranberry Bush)**

Large shrub well known for its large heads of white flowers in May and early June. Scarlet clusters of berries. Ultimate height 10 feet.

3 to 4 ft. 1.50

4 to 5 ft. 2.00

5 to 6 ft. 2.50

VIBURNUM TOMENTOSUM (Doublefile Viburnum)

Very beautiful shrub with dazzling white flowers in June. Red berries that change to blue-black.

2 to 3 ft. 1.50

WEIGELIA EVA RATHKE (Red Weigelia)

Deep red trumpet shaped flowers in abundance in June, followed by a few more in August. An excellent border and foundation shrub. Grows 4 to 5 feet tall.

3 to 4 ft. 1.50

SHRUBS Continued

2 to 2½ ft.....	7.50

HEDGE PLANTS

Our well rooted bushy plants quickly make a splendid fence of living green. All varieties make satisfactory hedges, if the plants are set in a straight row 1 ft. apart. If a wider and more dense hedge is desired, set the plants in a double row 8 inches apart each way.

BARBERRY THUNBERG'S

HYBRID TEA ROSES

Choose a planting for your garden, large or small, from this parade of glamorous Everblooming Roses. Fine old favorites and the loveliest introductions of modern times are selected for perfection of bloom and form. Highest grade two-year-old, field-grown plants will begin blooming about ten weeks after they are planted and continue right up until late frosts. A modest investment pays big dividends in exquisite beauty.

Buccaneer—Clear dazzling buttercup-yellow blooms are long lasting and sweetly fragrant. Urn-shaped buds. Plant grows tall and blooms abundantly. \$2.75 each.

Capistrano—Deep glowing rose-pink, rich and unfading. Large buds and blooms on extra long stems. \$2.25 each.

Charlotte Armstrong—Beautifully shaped buds of warm red open to cerise in hot weather and spectrum-red in cool weather. Sweetly fragrant. \$2.25 each

Christopher Stone—Bright velvety crimson flower. Healthy plants, good foliage, free-blooming. Ever popular. \$1.35 each.

Chrysler Imperial—Rich crimson color and perfect form will gladden the heart of every rose-lover. 40 or 50 crisp wide petals, velvety and fragrant. Long lasting and hardy. \$2.75 each.

Countess Vandal—Streamlined buds are orange-copper and open to exquisite blooms of copper salmon and gold. \$1.35 each.

Crimson Glory—Dark velvety red, wonderfully fragrant. Blooms profusely. Fine for cutting. \$1.75 each.

Diamond Jubilee—Glowing, buff-orange flowers open slowly and last well. Double and fragrant. \$2.00 each

Duquesa de Peneranda—Large and double flowers of a luscious cinnamon-peach color. Continuous bloom. \$1.35 each.

Dr. Debat—Clear rich pink with a salmon glow. Blooms are large and high-centered. Free blooming. \$2.00 each.

Eclipse—Beautiful tapering bud. Golden yellow blooms are large and well-formed. Prolific. \$1.75 each.

Edith Krause—A strong-growing white rose, large and double, high centered. Pleasing fragrance. \$1.35 each.

Editor McFarland—Clear deep pink blooms are perfectly formed. Free blooming, long lasting. Fine for cutting. \$1.35 each.

HYBRID TEA ROSES Continued

- Etoile de Hollande**—Very large blooms of brilliant red are very fragrant. Grows vigorously, blooms freely. \$1.35 each.
- Fandango**—Bright cerise-red blooms early. Large petals have a crisp ruffled appearance. Bud is a deep rich scarlet. \$2.00 each.
- Forty-Niner**—Most brilliant of bi-colors. Inside of petals a vivid Oriental Red, outside of petals a chrome-yellow. A beautiful blend of contrasting colors. \$2.50 each.
- Fred Howard**—Buff yellow, flushed with pink. Blooms are large and long lasting. Many petals open slowly, remaining full and compact to the end. \$2.50 each.
- First Love**—Delicate pink tinted with delightful shades of salmon and rose. Long straight stems for cutting. Free-branching and free-blooming. \$2.25 each.
- Good News**—Apricot pink buds open slowly to huge shell-pink blooms. Vigorous plant blooms continuously. \$2.00 each.

- Talisman**—Glorious combination of golden yellow and copper-red. Distinctive form and fragrance. \$1.35 each.
- Tallyho**—Delightful blending of warm pink inside petals to rich rich crimson outside. Robust grower. \$2.00 each.
- Texas Centennial**—Gorgeous cerise-red blooms of perfect form on long strong stems. Fragrant. \$1.50 each.
- The Doctor**—Exquisite silvery pink. Long pointed buds and very large blooms are intensely fragrant. \$1.35 each.
- Volcano**—Deep carmine buds expand into huge cherry-red blooms. Dark green foliage. Charming fruity fragrance. \$2.00 each.
- Will Rogers**—Very dark crimson-maroon. Does not fade. Beautifully ruffled petals are velvety. \$1.50 each.

FLORIBUNDA ROSES

Easily grown and exceptionally hardy, these new "cluster" roses provide good foliage and rich constant color from June to frost. Floribundas may be planted in Rose Beds or in the foreground of hardy shrub borders or Evergreens to add gay color all summer. They are being used frequently as a border or a hedge planting.

Chatter—Bright crimson clusters give a sparkling display of color all season. Slow opening buds and unfading blooms. \$1.50 each.

Carousel—Fragrant dark red blooms are semi-double and borne profusely on sturdy plants. Foliage is leathery and glossy. \$2.00 each.

Fashion—Gay salmon colored blooms of delicate fragrance. Gracefully wavy petals are lovely and very pleasing. \$2.00 each.

Floradora—Brilliant cinnebar-red blooms touched with orange-scarlet. Blooms lavishly all summer. \$1.35 each.

Garnette—Clusters of dainty flowers a deep garnet-red in color. Low growing plant is covered with masses of bloom and attractive foliage. \$1.75 each.

Goldilocks—Rich golden yellow clusters open slowly and gracefully, lasting a long time. Very double and fragrant. \$1.50 each.

Improved Lafayette—Glowing red flowers are large and semi-double. Fine for bedding. \$1.35 each.

Irene of Denmark—Dainty perfect buds unfold to large double graceful blooms of frosty white. Extra hardy. \$2.00 each.

Lilibet—All-America Winner for 1954. Delicate light rose coloring gives an almost fragile appearance to the tiny roses. Dense foliage. Clusters are well formed and exquisitely colored. \$2.50 each.

Ma Perkins—Deep coral-pink with shades of red in the outer petals. Bright and sparkling from perfect bud to delightful double bloom. \$2.25 each.

FLORIBUNDA ROSES Continued

Masquerade—Truly different. Each bud is golden yellow, flecked with red - becomes rose-pink as it unfolds, and deepens to deep red when open. Each cluster shows all these colors as the buds progress through the same lovely color sequence. \$2.00 each.

Pinocchio—Rich salmon with gold at base of petals. Large clusters are long-lasting. Extremely hardy. \$1.50 each.

Pink Bountiful—Deep reddish pink clusters provide a profusion of fresh color all season long. \$1.35 each.

Red Pinocchio—The same lovely cup-shaped blooms as Pinocchio but attractive satiny carmine which deepens as it unfolds. \$1.50 each.

Red Ripples—Sparkling red petals have wavy, rippling edges. Tall and vigorous, blooms late into fall. \$1.35 each.

Rose-Elfe—Exquisite pink. Perfectly formed buds and blooms appear as miniature Hybrid Teas. \$1.35 each.

Summer Snow—Masses of pure white blooms transform this plant into an immaculate snowbank in your garden. Hardy plant blooms continuously. \$1.50 each.

Vogue—Clusters of rich coral-pink flowers on vigorous plants make a fine mass display in the garden. Bud is flame-red, long and slender. \$2.00 each.

World's Fair—Deep red blooms are semi-double and velvety. Exceptionally hardy plant produces great masses of bloom. \$1.50 each.

CLIMBING ROSES

Climbing Roses require only a small space in your garden and reward you generously with beauty and color. Drape them on fences, porches, trellis, or use them as a cover for bare walls or unsightly places.

Old favorites and the newer introductions are chosen for their wealth of color and versatility. Let them work for you—they can be used effectively in dozens of situations.

Blaze—Large clusters of vivid scarlet, brilliant and double, are repeated through the summer. \$1.50 each.

Cl. Goldilocks—The climbing form of the gorgeous golden floribunda, loved for its rich color and ability to bloom. Extremely vigorous, it blooms in clusters. \$2.50 each.

Cl. Peace—Blooms identical with those of the bush Peace Rose. Same delicate coloring and perfect form. \$2.50 each.

Cl. Mrs. P. S. DuPont—Golden yellow blooms, well formed and fragrant. Rich green foliage. \$1.50 each.

C. Talisman—The variable flowers of the bush Hybrid Tea on a good climbing plant. Golden yellow and copper-red in a glorious combination. \$1.50 each.

Golden Climber—Superb coloring and interesting shape of the rich golden hybrid-tea like blooms maintain the popularity of this climbing rose. Fine for cutting. \$1.50 each.

New Dawn—Fragrant blooms of delicate apple blossom pink are borne profusely and repeat all season. \$1.50 each.

White Dawn—Everblooming and hardy. A double white bloom is fragrant and foliage is glossy. \$1.50 each.
